Location:

Nordson ASYMTEK
Maastricht, The Netherlands

Topics are presented in English.
Register now for the

Nordson ASYMTEK
Technology Days Edition 7
June 17-18, 2015

Nordson ASYMTEK, is committed to providing innovative dispensing and conformal coating solutions worldwide, and is proudly doing so with over 30 years of experience.

At the 2015 edition of the Technology Days we will once again focus on how innovation and continuous technological developments help to bring your products to the market. We do this with the help of many speakers from within the industry.

Join us for presentations, discussions, networking and live demonstrations for conformal coating and precision dispensing.

Activities / Schedule

June 17, 2015
9:00 - 17:00  Presentations and live demonstrations (incl.lunch) focused on Conformal Coating applications
17:00 - 18:30  Networking event
18:30  Dinner

June 18, 2015
9:00 - 16:30  Presentations and live demonstrations (incl.lunch) focused on Dispensing applications
16:30 - 17:00  Networking event

Topics include:
- Conformal Coating technologies for high temperature Automotive Applications
- Benefit of Cleaning for Coating Applications
- Material technologies for Semiconductor packages
- 2 Component Dispensing in electronics (assembly) manufacturing
- Rad-Cure Conformal Coatings in electronics, eco-friendly, high-performance
- Plasma Applications in electronics production
- 2-pack Casting Compounds for Lighting Industry
- Thin and thick Film protection on Flexible substrates
- Miniaturization and Micro Coating plus Underfill
- Development of Paste Jetting Processes for Advanced Packaging
- Hot Melt applications in electronics
- Conformal Coating selection criteria, comparisons
- Developments in X-ray inspection systems
- Applications with thermal Gap Fillers

Speakers from these companies:
ABchimie  Celestica
Dow Corning  E-Consult
ELANTAS Beck  Fraunhofer IZM
Henkel  HumiSeal
Lackwerke Peters  Namics
Nordson ASYMTEK  Nordson DAGE
Nordson MARCH  Valeo
Zestron

Technology days 2015 will be held at the Nordson ASYMTEK European Headquarters, Maastricht, The Netherlands, and nearby Rijckholt Castle
